## **Martin Kaefer, MD, FAAP, FACS**

Dr. Kaefer is a professor of urology and has been on the faculty at Riley Hospital for Children at IU Health since 1998. He is recognized both nationally and internationally for his achievements in basic and clinical research. He has received first-place recognition for his work at the American Urological Association, American Academy of Pediatrics and the European Society for Pediatric Urology.

## **Education, Professional Accreditation and Certification**

Dr. Kaefer is a 1985 graduate of Northwestern University and a 1989 graduate of Northwestern University School of Medicine. After receiving the prestigious Fulbright and DAAD scholarships for postgraduate work in Germany, he went on to complete his general surgery training and urology residency at Indiana University School of Medicine. He subsequently completed a three-year fellowship in pediatric urology at Children's Hospital, Boston, Harvard Medical School, where he was an AUA scholar.
